New Directions Treatment Center
2990 Bethesda Place, Suite 602B; Winston Salem, NC 27103

Phone: 336-768-8281

Fax: 336-768-5685

Office Visits:

- **Scheduling** – Appointments may be scheduled by contacting the office at 336-768-8281. At this time, we are not able to make reminder calls prior to appointments.
- **Missed or late canceled appointments** – Appointments cancelled without 24-hours notice are subject to \$50 fee. This fee is **NOT** covered by insurance and will need to be paid prior to your next appointment. Messages may be left on the general message line to cancel, when necessary, after hours.
- **Copay or Full Payment is due at time of service.** Cash, Check, Debit and Credit Cards (Visa, MasterCard and Discover) are accepted.

Prescription Refills:

- When prescribed medication, an initial prescription and refills will be provided to last until the suggested follow-up visit. It is the patients responsibility to schedule a follow-up appointment before the prescription runs out to ensure a continuous supply of medication.
- Medication refill requests will not be authorized if you fail to keep your follow-up appointments. To give good clinical care, patients must be seen on a regular basis.
- It may take up to 24 hours to review your medical history and decide if the requested refill is appropriate.
- Please call your pharmacy to see if your request was processed before calling the office to request the same refill a second time.
- Routine prescriptions will not be provided on weekends. **Under no circumstances will benzodiazepines (e.g. Xanax, Klonopin, Valium, Ativan, etc.) be written after hours or on weekends.**
- Prescription refills resulting from missed or canceled appointments will be subject to a \$15.00 charge.

Controlled Substances:

- Prescriptions for stimulants (e.g. Adderall, Concerta and Vyvanse) are required by DEA guidelines to be re-written every three months and can **NOT** be replaced if lost.
- As always, Class II drugs (which include stimulants) cannot be called in to a pharmacy under any circumstances and will be written during scheduled appointments **ONLY**.
- We use the NC Controlled Substance Reporting System to check patient history of controlled substance use.
- Due to the fact that stimulants must be e-prescribed (sent via computer), this will only be done during appointment. Any changes such as pharmacy changes for vacations and/or other requests will warrant a fee of \$10.00.

Prior Authorizations:

- Because of the increase in prior authorization requests, we have implemented a \$15.00 charge to complete the paperwork. In some instances, the paperwork and/or phone calls to the insurance companies can take up to one hour to complete.

Services Subject to Charge:

- Telephone consultation, request for records, and prescription refills not provided during an appointment.
- Completion of form letters and/or reports if not done during an appointment.

Emergency/After Office Hours:

- Should you experience a life threatening medical emergency, please call 911 or go to the nearest hospital emergency department.
- An on-call physician is available after office hours for emergencies **ONLY**.
- Routine prescriptions will be **NOT** authorized by the on-call physician.

I have read and understand the information listed above and have been offered a copy.
